

Parking:

Warning:

Due to a state-wide wrestling tournament in town during the conference days, parking in downtown Erie will be difficult to find, especially on Friday afternoon. Please provide ample time to identify a parking location and secure a space. Consider dropping off passengers at the Zurn Science Center if running late.

Closest Parking:

Closest parking options include two ramps owned by the City of Erie near the Zurn Science (#39 on map). These are marked with blue parking circles on the campus map near the buildings marked 44 and 40. One garage can be entered by turning right onto West 9th St and going 1.5 blocks. The other garage is accessible from Peach St (one-way north bound), so one would turn right onto West 9th St and then right again onto Peach St. Each garage has you take a ticket on entrance and pay an hourly fee on departure. Both garages are adjacent to the meeting location.

Other City Lots:

Other city-owned parking options are located near French St off of East 8th St or between East 10th and 11th Streets. See .jpg map for locations.

Private Lot:

A private lot at St. Peter's School located at the corner of West 10th St and Sassafras St is available at \$5/day. Follow posted rules.

Metered and Free Street Parking:

Some free or metered street parking is available throughout or near downtown, but may be difficult to locate.
