Meeting the Future: MAA & Joint Mathematics Meetings (JMM)

Beginning in 2022, MAA national meeting activities will occur at MAA MathFest in the summer. The MAA will build on the continued growth of MAA MathFest and will also direct resources to better support MAA Sections at meetings like this and other programs that expand access and services to more members.

Join a SIGMAA

There are 17 Special Interests Groups of the MAA (SIGMAA) that embody a variety of interests which advance the organization's mission and offer networking opportunities and access to resources in your field of interest.

- Connect with practitioners and scholars
- Share ideas and perspectives
- Bridge the gap between collegiate mathematics education and high school mathematics

New MAA/AWM/NAM Section Lecture Series Begins in 2022

MAA is pleased to announce two new programs developed in partnership with the Association for Women in Mathematics (AWM) and the National Association of Mathematicians (NAM).

The new program will compliment the George Polya lectureship bringing excellent expositors and a diverse group of speakers representing early-career mathematicians to our audiences.

Join the Discussion!

Creating an inclusive community begins with acknowledging the issues to transform the way we learn, think, teach, and act.

The Mathematical Association of America (MAA) has made diversity, equity, and inclusion a priority for the mathematical community. This series was developed to help you think critically when engaging in conversations about diversity while expanding your capacity to teach and support others.
