

Parking on Campus:

Once you enter the campus through the main entrance, go straight until you reach a three-way stop. Turn left (north), and go along the loop road straight through the traffic light. Once you pass the traffic light, Parking Garage 1 is about 50-100 yards ahead on the right. There are two entrances to the garage; you can use either one. Parking Lot 8 (surface lot) is just past the second entrance to Garage 1, also on the right. Academic Building 9 (Water School) is between Garage 1 and Lot 8, and it is more or less equally easy to get to the building from either lot.

Important Note: DO NOT PARK in a space that has a sign like this:

These spaces are reserved 24/7, and are vigorously enforced, mainly by the people who pay a substantial sum to have one.

If you are arriving Friday, you should print out the [parking permit](#) and put it on your dashboard. Saturday is open parking—except for the reserved spaces—and there should be no problem.
