

From the current bylaws

The PUBLIC COMMUNICATIONS OFFICER

Shall assure that the section maintains a timely and accurate online presence in conjunction with the MAA.

Comments/Observations/Background:

1. The major part of this position is as section webmaster but some additional duties would involve timely announcements on MAA connect and, as feasible, maintenance of section drives and archives.
2. The ideal webmaster would involve the ability to create new content and to link with the work of other section leadership.
3. Temporary assistance/and or consultation to upgrade the current website (while maintaining content) to be compatible with the MAA section template would also be enormously appreciated.
4. Advice and/or action regarding the section's presence on social media is needed.
