
Call for
Student Contributed Papers
for
ISMAA 2005

The 2005 meeting of the Illinois section of the
Mathematical Association of America

April 8-9, 2005
Knox College
Galesburg, Illinois

Multiple sessions of student contributed papers are planned for Saturday, April 9, at the ISMAA Annual Meeting. Any undergraduate mathematics student or group of students may propose a 15-minute presentation on a topic dealing with mathematics or the teaching and learning of mathematics. The paper may represent a class project, a senior thesis, or a research project.

Individuals interested in contributing a paper should forward a short (at most one paragraph) summary of the paper with the name(s) and address(es) of the author(s) by March 25, 2005 to:

John Haverhals
Department of Mathematics
Bradley University, Peoria, IL 61625
