

Call for Nominations

2019 MAA Iowa Section Award Distinguished College or University Teaching of Mathematics

Nominations for the 2019 MAA Iowa Section Award for Distinguished College or University Teaching of Mathematics are now being accepted and are due by **Friday, June 14, 2019**. The Iowa Section Award Selection Committee (three MAA Iowa members appointed by the Chair, consisting of at least one former winner, when possible) will determine the recipient of the award from those nominated. The awardee will be honored at the Fall 2019 meeting of the Section. The awardee will also be the official Section nominee (submitted the following spring) for the MAA Haimo Award for Distinguished College or University Teaching of Mathematics. More information on the Haimo Award can be found at http://www.maa.org/awards/Haimo_DFN.html.

Anyone associated with the MAA Iowa Section is urged to consider submitting a nomination for the MAA Iowa Section Award.

Eligibility

- College or university teachers who currently teach a mathematical science at least halftime during the academic year in a public or private college or university (from two-year college teaching through teaching at the Ph.D. level) in the United States or Canada. Those on approved leave (sabbatical or other) during the academic year in which they are nominated qualify if they fulfilled the requirements in the previous year.
- At least five years of experience in teaching in the mathematical sciences.
- Membership in the MAA and the Iowa Section of the MAA.

Guidelines for Nomination

Nominees should

- Be widely recognized as extraordinarily successful in their teaching*
- Have teaching effectiveness that can be documented
- Have had influence in their teaching beyond their own institution**
- Foster curiosity and generate excitement about mathematics in their students

* “teaching” is to be interpreted in its broadest sense, not necessarily limited to classroom teaching. It may include activities such as preparing students for mathematical competitions at the college level, attracting students to become majors in a mathematical science, working with pre-service or in-service teachers, advising undergraduate research etc.

** “influence beyond...” can take many forms, including demonstrated lasting impact on alumni, influence on the profession through curricular revisions in college mathematics teaching with wide-ranging impact, influential publications or innovative books concerned with the teaching of college mathematics, etc.

Preliminary nominations must be submitted on the designated Nomination Form ([Word](#) or [PDF](#)). Please follow the instructions on that form precisely to assure uniformity in the selection process both at the section and national levels. Self-nomination is not permitted.

All preliminary nomination forms received by the Section Secretary by Friday, June 14, 2019 will be considered for the Iowa Section Award. Send nominations to

Ross Sweet, MAA Iowa Section Secretary
Simpson College
701 North C Street
Indianola, Iowa 50125
ross.sweet@simpson.edu

The Section Secretary will ask the nominee's department chair to work with the nominator in supplying additional required materials for the Haimo nomination. Ultimately, a complete nomination must also include evidence of success in teaching. All materials for the Haimo nomination must be submitted to the Section Secretary by February 1, 2020 since Haimo nominations are due to the National Secretary of the MAA by March 1, 2020.
