

Friday April 13th

9:30 – 10:10 Social Networking and Welcome  
10:20 - 11:00 Doug Shaw: Teaching Techniques  
11:10 - 11:50 Brian Birgen: Using Technology in the Classroom  
12:00 – 12:40 Lunch Break  
12:50 - 1:30 Roundtable Discussion: Recruiting Students  
1:40 – 2:30 Russ Goodman: Planning for next year's Iowa NExT

The Iowa Section of Project NExT will be having it's first meeting immediately before the Spring Sectional Meeting, on the morning of Friday April 13th beginning at 9:30 am. This is an opportunity for new faculty to learn about a variety of teaching pedagogies, new technology in the classroom, network with other new faculty, and learn about what it takes to be faculty.

I would like you to encourage any new faculty at your college to apply to be an Iowa Project NExT Fellow. Information about the program is available at the IA MAA website at <http://www.central.edu/maa/Iowa-NExT/index.asp> with the application at <http://www.central.edu/maa/Iowa-NExT/IowaNExTApplication.doc> . The application deadline this year is March 13th.

Iowa NExT is open to all Math and Math Ed. full-time pre-tenure faculty and graduate students in their final two years of doctoral study. There is no cost, but there is a time commitment involved.

If you have any questions, please contact a member of the steering committee:
