Dr. D. E. Sanderson
Mathematics Department
Iowa State University
Ames, Iowa 50010

Dear Don:

I hope I haven't confused the issue on possible replacement of me as secretary of the Iowa Section. If you have moved ahead to replace me this year I can assure you it would probably be the wisest thing all around, both from my standpoint and the Iowa Section standpoint.

I visited a little bit with Basil Gillam about the possibility of his being a nominee for secretary-treasurer. I think he felt somewhat luke warm about taking over this year, although he did not actually say "no." I believe he was willing to consider being named as secretary, a year hence, with the understanding he would work this year to see what might be involved in the job. Frankly, I think he could be approached on either basis and I would be happy to proceed either way with him or anyone else the Section members decide should take over the job. With this information as background, I will leave it to you to make the decision how to proceed on the matter.

I'll see you a week from today at Pella!

Sincerely yours,

Earle L. Canfield
Secretary-Treasurer
Iowa Section, M.A.A.
