February 13, 1968

Professor B. E. Gillam
Department of Mathematics
Drake University
Des Moines, Iowa 50311

Dear Professor Gillam:

Usually, serving on a nominating committee is the best way to insure not being nominated, but I would like to ask you if you would be willing to be one of the nominees for the office of Governor of the Iowa Section of the MAA for 1968-71. As Secretary-Treasurer of the Iowa Section you are closer to the workings of the Section than I have been and would be a good choice for Governor. With your approval, I want to have your name as one of those considered.

I think probably the next governor should not be from the University of Iowa and so I am asking Don Sanderson to suggest a name of someone from Ames and am suggesting to him that he allow his name to be considered.

If someone from Iowa City should be considered, I suggest Steve Armentrout who has been a visiting lecturer for two of the last three years and is known to the people at a number of the colleges in Iowa. I have his permission to put his name in the hopper but he and I agree that it would be best if the governorship moved.

If you have other suggestions let me know as soon as possible. I do hope that you will be willing to be one of the nominees.

Sincerely yours,

A handwritten signature in cursive script that reads "Drury W. Wall".

Drury W. Wall
Professor, Department of Mathematics
