Charles M. Lindsay  
Mathematics  
Gee College  
Cedar Rapids, Iowa 52402

Robert W. Hanson  
Executive Secretary  
Iowa Academy of Science

Dear Dr. Hanson:

First, this is a request for approval of an expenditure of \$50 by the Mathematics Section in connection with expenses of an out of state speaker. I have assumed from your letter of November 6 that this is more or less automatic.

The program for the Mathematics Section is as follows:

### MATHEMATICS

Chairman, Charles M. Lindsay  
Room 7, (place ... )

Friday, April 19, 9:00 - 10:50 AM

1. Film - "THE THEOREM OF THE MEAN" - (10 minutes); produced by the Calculus Film Project of the Mathematical Association of America.
2. Invited Address - "SCIENTIFIC AND TECHNICAL COMMUNICATION" - William J. Jameson, Research Mathematician at Collins Radio Company, Cedar Rapids, and National Secretary of SIAM.
3. CUPM Representative - to discuss the latest CUPM report, "QUALIFICATIONS FOR A COLLEGE FACULTY IN MATHEMATICS".

Friday, 2:00 - 4:00 PM

4. Business Meeting. Election of Section Officers.
5. Invited Address - (tentative title) "THE MATHEMATICS OF BOWING A VIOLIN, AND OTHER NONLINEAR PHENOMENA" - Warren S. Loud, Professor of Mathematics, University of Minnesota, Minneapolis.
6. Film - "INFINITE ACRES" - (10 minutes); produced by the Calculus Film Project of the Mathematical Association of America.

If I should do anything else with respect to the request for \$50, please let me know.

Thank you very much for your cooperation.

Cordially yours,

Charles M. Lindsay
