Professor Charles M. Lindsay
Department of Mathematics
Coe, College
Cedar Rapids, Iowa 52402

Dear Professor Lindsay:

I agree with you that it is highly desirable to have some one from CUPM to discuss their latest report "Qualifications for a College Faculty in Mathematics" at our meeting in April and hence, I feel that you should invite them to be on the program, preferably on Friday.

Also, I concur with you in the choice of invited speakers. I have heard Professor Schuster and I think that he will be well received by the group. Thus, I think that you should tender an invitation to him.

I am in process of preparing a letter for our membership, apprising them of the meeting in April and of the urgency in submitting papers early to you for inclusion on the program.

Best wishes for a happy New Year and especially a successful meeting of MAA in April.

Yours truly,

B. E. Gillam
