ABSTRACT

The abstract should be in the form of a brief and concise statement of the main results or points of view of the paper, without demonstrations and with a minimum of formulae. It should not exceed 100 words and should be compressed if possible into a single paragraph. It should be written in the third person. The abstract should be typewritten and in a form suitable for immediate publication in the MONTHLY.

The Role of Axiomatics and Problem Solving in Mathematics
published by The Conference Board of the Mathematical Sciences was
discussed together with its implications for the college mathematics
program.
