Dear Professor Canfield:

Note the enclosed reproduction of Dr. Peglar's letter which indicates that a paper has been withdrawn. This information reached me just yesterday.

In a recent letter to Professor Olmsted, I suggested that you would probably want an abstract of his address for the Monthly. He asked about the number of words permitted in this abstract and if he could bring it with him to the meeting. He has also requested a copy of the total program. Perhaps you can take care of these requests.

Professor Olmsted indicates that he plans to come by airplane. He also included a "P.S. - When it comes to reservations, my wife will accompany me. We'll have to work out a schedule first, though." This suggests that he might expect me to make room reservations, etc. It would be difficult for me to organize such arrangements. I would appreciate any assistance which you can give me in this matter.

Sincerely,

*Bill*
