

WARTBURG COLLEGE

WAVERLY, IOWA

DEPARTMENT OF MATHEMATICS

April 8, 1967

Earle L. Canfield, Dean
Graduate Division
Drake University
Des Moines, Iowa 50311

Dear Professor Canfield:

A copy of the April 21 program for the Iowa Section meeting reached me today. Perhaps you have also noted the error in starting time for the morning session. My copy indicates 9:40-10:50 a.m. rather than 9:00-10:50 a.m. which Dr. Peglar suggested we should use.

Originally Peglar had indicated that 8:40-10:50 a.m. could be used for the morning session. The 9:00 starting time will push us, but I decided we would try to make this work.

The time will probably be correct in the Academy program; however, I am concerned about the late arrival of our M.A.A. members who are not Academy members. Those on the morning program must be made aware of the proper starting time. If some of these are not Academy members, I will assume that you have informed them if I do not hear differently from you.

Sincerely,

William L. Waltmann
