October 14, 1966

Dr. Kenneth O. May
Mathematics Department
University of Toronto
Toronto, Canada

Dear Dr. May:

I understand you are interested in securing information on the
history of each section of the Mathematics Association of
America. I am enclosing a photo copy of an "Early History of
the Iowa Section" which was apparently prepared by R. B.
McClenon of Grinnell College. I am not sure as to the date
when it was originally prepared but I came into possession of
it in the spring of 1956.

Would a complete list of the Iowa Section officers, over the
years, be of any value to you? If so, please let me know and
I will send such a list to you.

                              Sincerely yours,

                              Earle L. Canfield
                              Dean and Professor of Mathematics
ELC.pl   Secretary-Treasurer, Iowa Section
                              M.A.A.
