Mathematical Association of America  
c/o Department of Mathematics  
Wartburg College

Dear Professor Waltmann:

As you know, Dean Earle L. Canfield issued an invitation for suggestions for a possible guest speaker at the joint meeting of the Iowa Section of the Mathematical Association of America and the Iowa Academy of Science at Drake University, Des Moines, Iowa, on April 21, 1967.

I would like to suggest that the name of Professor Fred C. Leone, who has a joint appointment in this department as well as the College of Engineering, be included with those submitted.

Dr. Leone came to us from Case Institute of Technology. He has been associated with several industrial organizations and is currently the editor of Technometrics.

Respectfully submitted,

Lloyd A. Knowler
