Dear Colleague:

We have no record of having received ~~a report on new officers selected~~
~~at the last meeting of your section or a report on the date and place of~~
your next meeting.

Sent 6-22-70

I wonder if you would be so kind as to complete the enclosed forms and return to me at your earliest convenience.

Also, if necessary, would you forward to the appropriate officer the enclosed letter regarding a representative from your section at the Meeting of Section Officers in Laramie? It is important that we obtain the name of this official representative before July 1 so that he can be sent all preliminary information about the meeting.

Thank you for your cooperation in these matters.
