

The Mathematical Association of America

(INCORPORATED)

A. B. Willcox
Executive Director

1225 Connecticut Avenue, N. W.
Washington, D. C. 20036
(202) 223-1977

Dear Section Chairman:

I enclose a list of colleges in your Section containing the names of all mathematics department chairmen and MAA Representatives listed in our records. You will note that many colleges do not have Representatives, and you may note examples of listed Representatives who you know have moved since the last time this list was brought up-to-date.

As you are probably aware, one of the responsibilities of the Section Officers is to see that as many colleges as possible have representatives. It has been our experience that such personal representatives of the Association on campuses are the best suppliers of new members. It is clearly in the best interest of both the MAA and your Section that this roster of representatives be checked for accuracy and extended.

Will you make whatever efforts you can to check the accuracy of the list and to secure the names of persons who would be willing to serve as MAA Representatives on campuses where none exist now? Our next mailing to Representatives and department chairmen is scheduled for the middle of September. Thus it would be helpful if we could receive your revisions of this list by August 15. In the future we will welcome changes in the list at any time and appreciate your efforts to help us to keep it as up-to-date as possible.

If you will send me a list of current and newly recruited MAA Representatives, I will send each recruit a letter outlining some possible activities and enclosing the appropriate materials.

Thank you for your efforts toward better local MAA Representatives.

Sincerely,

A handwritten signature in cursive script that reads "A. B. Willcox".

A. B. Willcox
Executive Director
