

APRIL MEETING OF THE IOWA SECTION

The fifty-ninth regular meeting of the Iowa Section of the MAA was held at the University of Iowa, Iowa City, on April 28, 1972. Chairman George Peglar presided. Total attendance was 58, including 42 members of the Association.

During the business meeting, following the program and Governor Hogg's report, the following motions were passed: (1) The Iowa Section is not in favor of Section dues. (2) The Iowa Section is in favor of graduated dues, according to rank. (3) The Iowa Section will have an articulation committee appointed by the chairman. (4) The Iowa Section will continue the Visiting Lecturers program within the section area on a volunteer basis. (5) The Iowa Section will adopt the revised By-Laws which have been previously circulated.

The following officers were elected: Chairman, Joseph Hoffert, Drake University, Des Moines; Chairman-elect, Donald Bailey, Cornell College, Mt. Vernon; Secretary-Treasurer, B. E. Gillam, Drake University, Des Moines.

The following contributed papers and invited address completed the program:

- Differential integrals and discontinuous integrands*, by George Bridgman, Waverly.
- Some binomial identities of convolutional type*, by Arnold Adelberg, Grinnell.
- Unbounded multipliers and divergent series*, by Alexander Kleiner, Des Moines.
- A program for anyone who needs to use statistics*, by George Larson, LeMars.
- Factors associated with instructor effectiveness in calculus*, by Henry Kepner, Iowa City.
- Ghosts of departed quantities*. Invited address by Lynn Steen, Northfield, Minnesota.

B. E. GILLAM, *Secretary-Treasurer*
