

March 31, 1972

Dear Colleague:

This is to remind you of the Annual Meeting of the Iowa Section of the Mathematical Association of America on Friday, April 28, at the University of Iowa, Iowa City. In Addition to the excellent program of papers gathered by Chairman George Peglar, we need to discuss and take action on the proposed By-Laws. Please bring the copy mailed to you earlier with you.

Following is the program:

Room 314, Chemistry Building, University of Iowa

9:00 am - 10:50 am. Contributed Papers

1. Differentiable integrals and discontinuous integrands. GEORGE GRIDGMAN, Wartburg College.
2. Some binomial identities of convolutional type. ARNOLD ADELBERG, Grinnell College.
3. Unbounded multipliers and divergent series. ALEXANDER KLEINER, JR., Drake University.
4. A program for anyone who needs to use statistics. GREG LARSEN, Westmar College.
5. Factors associated with instructor effectiveness in calculus. HENRY KETNER, University of Iowa.

1:30 pm. Business meeting, first session. Election of officers.

2:00 pm.- 3:00 pm. Invited Address: Ghosts of Departed Quantities. LYNN A. STEEN, St. Olaf College, Northfield, Minnesota. Professor Steen is co-author of the book, Counterexamples in Topology, and his paper on metrization theory appeared in the February, 1972, Monthly.

3:00 pm - 4:00 pm.

Governor's Report. ROBERT V. HOGG.

Business meeting, second session. Discussion and action on proposed By-Laws.

Please note that on Saturday, 8:00 am to noon, the meeting of the Society for Industrial and Applied Mathematics is being held in the Union. MAA members are invited to attend.

*B. E. Gilliam, Sec.-Treas.*
