Professor Charles Jepson
Grinnell College
Grinnell, Iowa 50112

Dear Professor Jepson:

Congratulations to your staff and students for their accomplishments in the Putnam Mathematics Competition. To have a team rank sixty-fourth in the Competition indicates the high quality of Mathematics at Grinnell.

Special congratulations are in order for Robert Rumley who finished thirty-sixth in the individual competition. In recognition of his accomplishment, the Iowa Section of MAA will pay the dues for his membership in the MAA. If you will return the enclosed application form to me, I will forward it to the national office, together with the dues paid by the Iowa Section.

Also at the Spring meeting of the Iowa Section, one of your students, Barbara Mills, indicated that she wished to become a member of MAA. An application form is also enclosed for her.

Yours truly,

B. E. Gillam
