September 27, 1974

Dear Basil:

I have assembled the 1974 Program of Visiting Lecturers and am enclosing it with this note. Also enclosed is a cover letter to go with each program and a copy of a report form. As I understand it, each college, university, and junior college is to receive the cover letter and program. Also, each lecturer is to receive a copy of the program along with 5 copies of the report form. Please feel free to edit where you see fit before duplication and dissemination.

Hope you are having a good year.

Sincerely,

Don Pilgrini
