Dr. Basil Gillam
Department of Math
Drake University
Des Moines, Iowa

Dear Basil:

Enclosed please find Masters prepared for the Visiting Lecture Program and form for final report to be returned to me.

I hope we have more requests this year because some weren't interested in submitting their names since they had volunteered before and were never asked to give a talk.

I was pleased to find Dr. Pollak agreed to visit us next April.

As ever,

Larry
