To: Officers of MAA Sections
Members of MAA Board of Governors

Dear Colleagues:

I enclose a report on a survey of section officers made last spring by Peter A. Lindstrom, former Second Vice-Chairman of the Seaway Section.

This report contains valuable information about the involvement of TYC faculty in the activities of MAA Sections. I hope you will find it interesting and useful.

A detailed report on the responses to the survey questions is available on request from our office.

Sincerely,

A handwritten signature in dark ink, appearing to read "A. B. Willcox", written over a horizontal line.
