Larry —

Did you forget  
to put Robertson's  
name on the Lecturers'  
List? Actually <sup>now</sup> have  
3 Iowa people this  
year (Hethcote, Price,  
and Stroyan) — so  
maybe you can  
forget it. I do want  
to point out again  
that Hogg + Robertson  
have supported the

Iowa Section of  
MAA much better  
than any of the  
mathematicians (both  
have served as chairmen  
and I as governor  
for 3 years)

Please do not  
forget the statisticians  
of Iowa !!!!!  
(Actually I'm the <sup>job</sup> representative from Iowa  
now)
