Re: Information for Iowa Section Newsletter.

Please supply the following information where applicable and return to my mailbox by Wednesday afternoon.

1. Any special professional activities during the summer.
2. Honors received.
3. the newsletter will include a list of lecturers who are willing to visit colleges and universities in Iowa as part of the Visiting Lecturer Program. It is an informal program in the sense that the newsletter will publish a list of participants and their corresponding lecture titles. It is then the responsibility of each host institution to make arrangements with the lecturers they select. It is expected that the host institution will provide travel expenses and local arrangements.

If you are willing to participate, complete the following with as many titles as you want.

Lecturer name: _____ Office phone: _____
Address: _____

Title 1 _____ Level*
Title 2 _____ Level*

Days preferred: M T W Th F (Circle ones preferred.)
Prefer visits within - Iowa - 100 miles - 200 miles-of ISU.
(Circle appropriate one.)

- * Level Codes:
- 1 - Suitable for freshmen
 - 2 - Assumes calculus and linear algebra
 - 3 - Appropriate for Junior/Senior math majors
 - 4 - Designed for Math graduate students
