December 11, 1987

Dr. Gregory M. Dotseth, Chairman  
Iowa Section - Mathematics Association of America  
Department of Mathematics and Computer Science  
University of Northern Iowa

Dear Greg:

At your request, Professor Keith Stroyan of the University of Iowa and I have constituted the nominating committee for the Iowa Section of the MAA. We have completed our assignment and I can report the following nominations for Chairman-Elect:

Professor Anne Dow of Maharishi International University, and  
Professor Calvin Van Niewaal of Coe College.

Each nominee understands that if elected he or she will be responsible for the Spring 1989 convention of the Iowa Section and will serve as Chairman of the Section for 1989-1990.

I have written each candidate and have asked each to send you a paragraph to be published in the Iowa section newsletter before the April 1988 meeting. Those paragraphs are to reach you by February 1, 1988.

Should any problems arise, I remain ready to be of service.

Sincerely yours,

A handwritten signature in cursive script, appearing to read 'John S. Cross'.

John S. Cross  
Chair, Nominating Committee
