paid 10/29/87
#52 - \$102.81 to A.M. Fink
#53 - \$56.20 to SM Math Dept

Oct 28, 1987

Dear David -

Enclosed are 2 extra newsletters which officers get if they want to use them as they see fit. Also the Math Dept here subsidizes the costs of the newsletters by allowing us to use the return address. This means I can get them printed by the Union at lower cost, 4,050 pages for \$76.80 + other exp. ~~and~~ the bill is enclosed \$102.81 which I paid out of my pocket. We also used bulk mailing of the Union so postage is \$56.20. So please send me \$102.81 and the Math Dept \$56.20.

The spring call for paper comes from you and Chuck Tjapen. You should have a set of labels. You can do that as you like through Drake or Grinnell if they permit. I'll print a spring newsletter whose main content will be the meeting abstracts and program. It takes about 2 wks to print and mail so you and Chuck should try to get that to me at least a month before the meeting. Thanks AM
