Dear Dr. Oakland:

Each year the Governor's Science Medals are presented to outstanding scientists in recognition of their significant achievements in their field.

Governor Branstad has selected the winners for 1988. Dr. Kenneth J. Frey has been named as the medalist for science application; Dr. Milan Randic will be awarded a medal in the science achievement category, and Dr. Robert J. Angelici will receive the science teaching award.

You are cordially invited to attend the presentation ceremony for the Governor's Science Medals on Thursday, April 20, 1989 at 11:00 a.m. in the Governor's formal office. Please notify Barbara Brown of my office (515/281-6483), by April 17, whether or not you will be able to attend.

Sincerely,
