Dear Mr. Willcox:

Yesterday I received a check (#115607) dated 07/07/89 in the amount of \$24.42 (vendor: 001021; ref. no. 018523; inv. no. INCENTIV; invoice date: 06/30/89). I suspect that this is related to the section book sale since I had earlier received a check for the same amount (10% of sales) for the section. Is there supposed to be a second 10% incentive or was this check sent in error? If I was supposed to receive the check I will deposit it in the Section account. If not, I will return the check to your office.

Sincerely,

A handwritten signature in cursive script that reads "David O. Oakland".
