

Dear Mr. Oakland,

May 2, 1991

Thank you for the award and the gift of a membership in the MAA. I really appreciated the opportunity to present my paper to a group such as yours. I hope that this will be the first of many such presentations that I will give over my mathematical career. Once again, thank you for the award and membership.

Sincerely,

A handwritten signature in cursive script, appearing to read "Kevin Dennis".

Kevin Dennis
