discussion -

Motion passed  
Sent to national board of governors before it is official

~~Treasurer's report~~

Electrons

Steve Willis from nominator Committee  
- from floor

Steve Nimmo - moved from floor as sec/treas.

Moved & seconded for Unanimous ballot for both  
Passed

Governor's Report - Alex

Certificates for 25 year members + longer give out

Topics at governors meeting - how to get new faculty  
to join MAA? About  $\frac{1}{3}$  of our membership  
are 25 year or more members

Possible soln is to encourage more student participation  
as this gets them a start w/ a free membership.

Get dept liasons selected please

Discussion of 5-8th grade teaching endorsement.

6 hrs of math including some algebra is the proposed endorsement  
Some 8th grades teach algebra.

Exec. Board suggests writing a response.

Possible change - have math/science endorsement &  
increase amount <sup>of hours</sup> of required courses.

Gives principal power to allow qualified persons but  
not certified persons to teach as a positive

Moved's seconded to have Exec committee draft a response to the proposal

- Include science education in the proposal response
  - There is an additional test - what competence does this imply?
  - Teachers union pushing proposal so any ~~one~~ teacher can teach anything.
  - Also states they can waive some of these requirements.
- Pussed

Thanked Greg for great program
