Re: Board of Governors Election, Iowa Section

In January, ballots were mailed to the members of the Iowa Section with the following nominees for the office of Sectional Governor:

Elgin H. Johnston
Calvin R. Van Niewaal

All votes received before March 6, 1998 were counted independently by two members of the headquarters' staff and verified by the Executive Director.

As a result of this election, **Elgin H. Johnston** has been elected Governor for the period July 1, 1998 - June 30, 2001.

Information concerning the number of votes cast for each candidate has been sent to the Secretary of the Section.
