Mark,

I am writing to check with you on some arrangements for the meeting next week at Simpson. At the business session I do a number of things for some of them I need to distribute things and this is where, as I understand it, you come in.

Business Meeting Agenda (following what Ruth did last year)

1. Results from Math Comp (is this just an announcement or do I distribute something)
2. Student Talk Awards (books? certificates?)
3. Certificates for 25 year membership
4. Teaching Awards (certificate)
5. Treasurer's Report
- 6 Elections
- 7 Governor's Report
8. Election results
9. Gen. discussion

Wherever there are certificates or awards it is my understanding that you will have them (I trust Steve explained this). Is this correct?

Dave
