Yes. We recognize the best student papers at the Business Meeting on Saturday, awarding MAA memberships to all presenters and books to the best papers.

4I. Were there particularly outstanding speakers or presenters at your Section's events that you would recommend to other Sections or to national program committees? Please list names, topics, affiliations, telephone number, e-mail address.

David Stone gave two excellent talks. :)

4J. Please describe any aspect of the meeting that was particularly successful or noteworthy.

It was helpful for the section leadership to get ideas from someone from the national office (David). I'm hopeful that we can improve some aspects of how our section works.

This meeting had unusually low attendance (which isn't the best time to host a national officer...), but we expect that was largely due to location.

4K. Please list names, topics and contact information (affiliations, telephone number, e-mail address) of your Invited Speakers.

David Stone.

5. Did your Section make awards for distinguished teaching or distinguished service this year?

No.

If yes, please list the awards and awardees and comment on the selection processes.

6. Does your Section have a Section NExT project? If so, how is it funded; what sort of NExT activities have there been?

No. We have considered putting one together, but the size of the section may be a limiting factor.

7. Does your Section recognize high scorers in mathematics competitions? How?

Putnam _____ No _____

AMC exams _____ No _____

MMC _____ No _____

8. Please describe any new, noteworthy, or particularly successful event or activity of your Section this year.

The student Competition continues to be very successful: this year 32 teams (2-3 person) competed from 12 different schools.

This was also the first year in which the Newsletter distribution was changed to be mostly electronic.

9. Please describe any Public Awareness activities organized by your Section.

None that I know of.

10. How are Student Chapters involved in the activities of your Section? What support do you provide for Student Chapters?

Cathy Gorini, the Student Chapter coordinator, holds occasional meetings for those involved in organizing student chapters.

11. What does your Section do to raise funds to support its programs and activities?

Meeting registrations and MAA book sale.

12. To what extent does your Section use electronic services (eMail, www) for communication with section members and promotion of section activities?

Email is used extensively among the section officers and MAA liaisons. We have a section website, used for distribution of the newsletter and other section information.

13. (a) Does your section have a Liaison Coordinator(s)?

Yes, Cal Van Niewaal, from Coe College.

(b) Please describe ways in which your section utilized MAA/Departmental Liaisons.

I have used an email list of the liaisons as a way to announce upcoming events or, for example, to get volunteers to work with the Assessment Workshop at the section meeting. I believe other section officers (particularly the Newsletter Editor) have done similar things.

14. Are there concerns that your Section would like to bring to the attention of the Committee on Sections or to the MAA Headquarters office?

No.

15. What additional services or improvements in existing services provided by the Committee on Sections or MAA Headquarters would you suggest?

Nothing. The national office seems very active and supportive. I know that we appreciated the opportunity to host an assessment workshop this year, as well as the grant-writing workshop last year.
