Public Info -

Last MAA meeting

Midwest Undergraduate Mathematics Symposium

- Opportunity for undergraduates to share and celebrate the work they have done independently -

research

independent projects

modeling contest solutions

etc

- Opportunity for undergraduate faculty to share the work ways they help students programs or ways they provide opportunities for students to do independent work

27th of March -

64 participants - 14 faculty - 5 friends or family -
41 undergraduate students + 1 dog - 8 ^{academic} institutions

32 presenters - 3 faculty and 18 students

- REU at Iowa State

- Computer project by

- Interdisciplinary

- Project by a student from Chemistry/math

- Modeling Contest ~~and~~ solutions

- Plenary talks by Tom Pennings and his wife

- Congi & Elie's

- Panel discussion on opportunities for undergrads

Response from the students was extremely positive -
- they were very excited about sharing their work ~~with~~ with others - ~~the energy was~~

- they were excited to hear about what other students were doing at other schools -

2 year college professor
actuary
research mathematician
person who works
for a company
that

There was a connection made at the conference between a student and an REU that was in search of participant -

~~Students who~~

One student made a decision to work toward the about his/her career based on the panel discussion -

Will have the 2nd annual MEMS next year at approximately the same time -

Friday night - ~~pizza & power point presentation~~
pizza & power point party
