

February 18, 1959

To Members of the Iowa Section
Mathematical Association of America

As of now, Chairman E.N. Oberg of the State University, has received only two papers for the spring program at Iowa Wesleyan University, Mount Pleasant, April 17, 1959. Obviously, a variety of papers are needed for a successful meeting.

Will you please help your officers to plan a worthwhile program by submitting papers to your Chairman not later than March 1. Early word of your intent to give a paper is essential.

Thank you.

Sincerely,

Earle L. Canfield

Earle L. Canfield
Sec-Treas., Iowa Section
Math. Assoc. of America

Dear Mr. Canfield,

These spring meetings of the Iowa Section of the Mathematics Association used to be an inspiration to me but since my retirement my age and physical health has prevented my taking part and attending such meetings.

May you have a successful meeting.

*Respectfully yours,
Miss Franc C. Carhart.*
