Professor Arthur H. Blue
Cornell College
Mt. Vernon, Iowa

Dear Prof. Blue:

I am surprised at the \$47 statement from Professor Blumenthal too. I guess I had assumed that he had agreed to the \$40 fee that I had paid him.

Could you send me the statement he sent you and I presume I should contact the new president, should I not, in regard to paying the additional \$7?

I am enclosing the paper of logarithms from Fred Robertson. I presume you should have it for publication in the Proceedings. All I need is the MAA report abstract, which I have. He says he will forward the other paper soon.

Sincerely yours,

Earle L. Canfield
Dean
