DEPARTMENT OF MATHEMATICS

January 11, 1960

Dean Earle L. Canfield
Secretary-Treasurer, Iowa Section
Mathematical Association of America
Drake University
Des Moines 11, Iowa

Dear Earle:

I think it would be perfectly all right for Dr. Trimble to keep his NCTM appointment in Buffalo and, if convenient, have Fred Lott or someone else represent him at the Iowa Section of MAA meeting in Iowa City on April 22. These meetings also conflict with the Chicago meetings of the American Mathematical Society which to me seems much more serious. The schedules however are not within our control and consequently we will need to do the best we can under the circumstances.

The Eastern Iowa Science Fair may be deserving of our support but so also are a number of other activities. Our funds are limited and Cedar Rapids industry probably can be counted on for a certain amount of financial assistance. This Science Fair is of sectional interest only and the emphasis on mathematics is somewhat uncertain.

It will soon be time to arrange the program for April 22. I will be glad to have you keep me informed of any suggestions or offers of contributions to a program that may come to your attention.

Sincerely yours,

A handwritten signature in cursive script, appearing to read "John".
