DRAKE UNIVERSITY
DES MOINES 11, IOWA

GRADUATE DIVISION

February 18, 1964.

To Members of the Iowa Section
Mathematical Association of America:

Recently, Chairman Clarence H. Lindahl of Iowa State University had received but two titles of papers for the spring program of the Iowa Section of the M.A.A. at Luther College, Decorah, April 17 and 18. Obviously, a number of papers are needed for a successful meeting.

Will you please help your officers to plan a worthwhile program by submitting titles of papers to your Chairman not later than March 1.

It is expected we will have someone from CUPM to give a talk. We also hope to have another main speaker through the M.A.A.

Sincerely,

Earle L. Canfield
Sec'y.-Treas., Iowa Section
Mathematical Assoc. of America

ELC,pl
