Prof. E. N. Oberg
Chairman, Iowa Section of MAA
State University of Iowa
Iowa City, Iowa

Dear Prof. Oberg:

Please find a copy of the Iowa Section by-laws enclosed for your use.

I need to have information very soon as to who might be available to attend the sectional officers meeting, which I presume will be held in the Massachusetts Institute of Technology, August 25-28th at the time of the 39th summer meeting of the Association. I would not wish to particularly push my own candidacy as the person for this trip, but for the first time it would appear that I might be able to attend as the representative of the Iowa Section. If you have a desire to attend would you so indicate to me as soon as possible? I shall have to pull together the information concerning this meeting and consult with you if the choice for the trip is not an obvious one.

Retiring Chairman Blue has written me that Professor Blumenthal, our invited speaker at the recent meeting, has submitted a statement for expenses to the amount of \$47. I have already given him a check for \$40, which I had assumed to be the fee involved. Apparently I was in error and as soon as Chairman Blue forwards the statement to me I will write you further concerning the matter. I would presume the only thing for us to do is to pay the additional \$7.

I will hope to be hearing from you and look forward to working with you through the coming year.

Sincerely,

Earle L. Canfield
