

MAA PLEASE READ

Dear Colleague:

As you know, the Iowa Section of the M.A.A. has conducted a local visiting lecturer program for the past two years. At the April 19 meeting of the section, those in attendance were unanimous in their feeling that we should continue this program for the next academic year, even though it will not be funded by the National Organization. Professor Bailey reported that, while the number of visits for last year was small, there were only positive responses from the schools inviting lecturers as well as from the lecturers making the visits.

In light of the above, I am asking that in the next few days you contact the members of your department about the Section's visiting lecturer program for the coming academic year. Please encourage those who are willing to serve as visiting lecturers to submit their titles and other data requested on the enclosed forms to me by September 23.

Thank you.

Sincerely,

Donald H. Pilgrim
