Professor Basil Gillam
Department of Mathematics
Drake University
Des Moines, Iowa 50311

Dear Basil:

Enclosed is a copy of the letter we discussed sending to departmental chairmen concerning the local visiting lecturer program for next year. Please feel free to edit. In particular you might like the forms returned to you or you might like to change my June 1 date. If there are any problems, give me a call. If not, I suppose we just hope that people will reply promptly.

Sincerely,

Donald Bailey

P.S.: I suppose also that the forms used for last year (on which lecturers gave their title and level of talk, etc.) will serve again.
