

**Annual Meeting of the Kentucky Section of the MAA
Bellarmine University, Louisville, Kentucky
March 30 - 31, 2012**

Contributed Talks Abstract Submission Form

All information must be received by **March 2, 2012**.

All contributed talks will be scheduled for 15 minutes (including time for questions). Please submit your name, affiliation, title, and abstract **in the format illustrated in the example below**. You may attach this form to an e-mail or simply type all of the information directly into an e-mail and send it to Duk Lee at duk.lee@asbury.edu.

An Example of an Ideal Abstract Submission:

James Barksdale, Western Kentucky University

A Plane Polygonal Law

The Pythagorean Theorem, the Law of Cosines, and the Parallelogram Law all illustrate the concept of a *plane polygonal law*. This presentation establishes a result which details how certain (homogeneous) plane polygonal laws create/imply other (consequential) plane figure laws.

I am: undergrad grad student faculty industry/business
