Deanna Haunsperger is Professor of Mathematics and John E. Sawyer Professor of Liberal Learning at Carleton College in Minnesota. Since her own undergraduate days, Deanna has been interested in increasing the number of students who pursue advanced degrees in mathematics. That passion has guided her as a former co-editor for Math Horizons (the Mathematical Association of America's magazine for undergraduates) and as co-founder and co-director of Carleton's Summer Mathematics Program for Women (a successful, intensive four-week summer program to encourage talented undergraduate women to pursue advanced degrees in the mathematical sciences). She has chaired the MAA's Strategic Planning Committee on Students and the Council on Outreach, and she is a former President of the MAA. Deanna is married to fellow mathematician Steve Kennedy, and together they have two grown children.
