

Fall 2014 Section NExT program

Bowie State University

Friday, November 7, 2014

On Friday, we'll be gathering during the reception from 6-7 to meet each other. NExT is a two-year program, so there will be both the 2015 Fellows from last year as well as the new NExT fellows just accepted this Fall.

Saturday, November 8, 2014

On Saturday, there will be two NExT sessions. One will be from 8-9 and will be lead by John Hamman, Dean of Mathematics at Montgomery College, discussing the tough balance between personal life and work and what schools expect from their new faculty.

Another session will be from 11-12 lead by Betty Mayfield, Hood College, with tips on fitting into a new department as a new faculty member. The Section NExT fellows are also asked to eat lunch Saturday with the graduate students that will be attending the conference to talk informally about post-graduate school experiences.
