

Dear Section NExT Fellows,

Here, as promised, is the list of activities planned for you at the spring meeting:

**Friday, April 12<sup>th</sup>, 4:30 p.m. Workshop on developing a teaching portfolio.**

Schaefer Hall, Room 239

Led by Rae Jean Goodman and Elie Malone of the U.S. Naval Academy

**Saturday, April 13<sup>th</sup>:**

**11:00 a.m. “Swap session”** for fellows and mentors. Schaefer 239. Bring questions, ideas, things to share. Suggested topics so far: the use of calculators in introductory courses, successful course projects, gateway tests.

This session will be informal; drop in and out as your schedule allows. I know that Conrad is giving a talk at 11:00, for instance.

**11:50 a.m. Lunch.** Special tables will be reserved for fellows and mentors to chat informally.

We hope that you will enjoy many of the invited and contributed talks at the meeting, including some by undergraduate students, but we want to draw your attention especially to...

**1:05 p.m. Panel discussion on quantitative reasoning.** Schaefer 106. Organized by Section NExT mentor Caren Diefenderfer and her Hollins colleagues. This is a really hot topic, and Hollins has done some interesting things with it.

We are looking forward to seeing all of you there! Please let us know if you have any questions.

Betty, Stephanie and Will
