

Electronic Announcements  
and  
Electronic Newsletters

On 1 March 2016 Chair Amy Schachle sent the following to the Executive Committee.

I don't believe there was a written policy about these items, but they are tradition, and I think it would be good to show, for the record, whether or not there is executive committee support for the change rather than it appearing that one person made the decision alone.

So, I am putting forth the following two proposals for vote:

Proposal 1: The Communications Director may conduct Section announcements via email, eliminating the need for mailed postcards.

Proposal 2: The Communications Director may publish the Section Newsletter on the Section website, eliminating the need for printed newsletters.

Please offer any questions or discussion as needed before you vote.

Thank you,

Amy
