To: Drs. Paul Halmos and David Roselle

Dear Sirs:

Enclosed please find a letter from David Ballew which should have been forwarded to you some time ago.

Perhaps Dr. Halmos may be interested in soliciting a paper from these individuals for the MONTHLY, and Dr. Roselle may be interested in a talk for a national meeting from these two.

If any other artifacts from Troy are discovered, you will be notified.

Sincerely,

A handwritten signature in cursive script that reads 'Maureen Callanan'.
