Dear Dr. Roselle:

Please add this letter to the hundreds you must be receiving expressing regrets concerning your recent resignation as Secretary to the Mathematical Association and expressing congratulations concerning your new appointment as Provost.

You, Sir, have done a remarkable job with the MAA; the membership and organization are better for you having served. As an individual, I can only express my honest appreciation for what you have done for me, my profession, and the association. I know you will not be absent from the meetings, but you will be missed in the control role you have long played.

The best of luck to you with your new opportunities and, again, thanks for your past achievements.

Sincerely,

Dr. David Ballew
